

***It's my first month of classes with Iga and as I've expected- it's the best experience ever.***

***Thanks to her methodical attitude, an interview before we start and focusing on needs I feel that I've found way to improve my language skills.***

***And what is really important each classes are tailormade and supported by suited materials.***

***It's first time when I've met so dedicated teacher with great range of tools to teach and support while individual practice.***
